ABOUT ME

Results-driven Computer Engineer and Application Support Specialist with extensive experience in enterprise-level IT operations, Cloud Privacy Services, and multi-line technical support for global B2B clients. Proven expertise in containerization (Docker, Kubernetes), system monitoring and performance checking (Grafana, Opsgenie, Zabbix, OCS), SLA management, ITSM / ITIL frameworks (Incident, Problem and Change Management, ServiceNow, Jira), and troubleshooting complex application environments. Skilled in cross-functional collaboration, process optimization, and maintaining high operational stability.

WORK EXPERIENCE

01/01/2022 - 06/10/2025 - DEBRECEN, HUNGARY

APPLICATION SUPPORT SPECIALIST - DEUTSCHE TELEKOM TSI HUNGARY LTD.

Operated and developed Cloud Privacy Services using Eperi Gateway.

Containerization with Docker tool, Container orchestration with Kubernetes system (managed by Rancher platform and Argo tool). Set up Grafana monitoring and managed automated alert notifications via Opsgenie.

01/11/2011 - 31/12/2021 - DEBRECEN, HUNGARY

APPLICATION SUPPORT SPECIALIST - DEUTSCHE TELEKOM TSI HUNGARY LTD.

Provided 2nd and 3rd line operation and support for IBM Lotus Notes Domino server environments for multinational companies (e.g. Daimler AG, British American Tobacco plc, KION Group, Union Investment).

Process optimization (Jira), knowledge base documentation (Confluence). Managing incident, change and problem tickets (ITIL framework) within the SLAs via HPE Service Manager and SNOW system tools.

01/01/2009 - 31/08/2011 - DEBRECEN, HUNGARY

ICT SYSTEM ADMINISTRATOR - BEKS LTD.

Managed the complete IT infrastructure for the local government of Debrecen.

Maintained 500 computers and 15 servers within a collaborative team environment. Fixing software, hardware and network problems. Monitored servers and workstations using Zabbix and OCS, performing regular maintenance.

01/09/2008 - 01/09/2009 - MOSONMAGYARÓVÁR, HUNGARY

ICT SYSTEM ADMINISTRATOR - KÜHNE AGRICULTURAL MACHINE MANUFACTURER CPLC.

Administered an IT environment consisting of 90 PCs and a Windows Server 2003 infrastructure.
Responsible for software procurement, license management, and hardware maintenance.
Operated the 'Adamant' production management tool, assisted with quality management, and maintained the company website.

EDUCATION & TRAINING

01/01/2024 - 29/11/2024 - DEBRECEN, HUNGARY

PLC PROGRAMMER - DEBRECENI SZC BEREGSZÁSZI PÁL TECHNICAL INSTITUTE

Controlled industrial manufacturing processes with PLC (Programmable Logic Controller)

Used PLC: Siemens SIMATIC S7-1200

Used Software: TIA Portal v16

Level in EQF: 5

01/09/2019 - 31/05/2021 - DEBRECEN, HUNGARY

SOFTWARE DEVELOPER - DEBRECENI SZC BEREGSZÁSZI PÁL TECHNICAL INSTITUTE

Learned programming language: C#

Further languages and technologies : HTML, CSS, JavaScript, PHP, MySQL, Bootstrap

Level in EQF: 5

01/09/2004 - 15/06/2008 - DEBRECEN, HUNGARY

COMPUTER ENGINEER - UNIVERSITY OF DEBRECEN (FACULTY OF ADVANCED TECHNOLOGY)

Main subjects: Algorithms, Computer Science, Digital Technology, Measuring Technologies, Electrical Science, Electronics, Programming Techniques, Databases, Control Technology, Artificial Intelligence, Software Technologies, Computer Integrated Manufacturing (CIM) systems, Computer Aided Design (CAD), Computer Aided Manufacturing (CAM), Computer Aided Process Planning (CAPP) and Computer Aided Quality (CAQ), Total Quality Management (TQM), Operating Systems, Computer Networks, Architectures, Barcode Technology

Level in EQF: 6

01/09/2000 - 13/06/2003 - DEBRECEN, HUNGARY

SCHOOL LEAVING EXAM - BAROSS GÁBOR VOCATIONAL HIGH SCHOOL AND COLLEGE

Basic subject: Mathematics, Physics, History, Hungarian Grammar and Literature

Level in EQF: 4

01/09/1997 - 15/06/2000 - DEBRECEN, HUNGARY

CAR BODY MECHANIC - BAROSS GÁBOR VOCATIONAL HIGH SCHOOL AND COLLEGE

Knowledge of Materials, Professional practice, basic training in metalworking, Welding Skills

Level in EQF: 3

SKILLS

Core Competencies / Frameworks: ITIL v4, ITSM, Incident Management, SLA Management, Agile

Monitoring & Alerting: Grafana, Opsgenie, Zabbix, OCS

DevOps & Infrastructure: Docker, Kubernetes (Rancher, Argo CD), GitHub, Linux (Ubuntu), Windows Server 2016, Remote Desktop, Active Directory, DNS

ITS Tools: ServiceNow, Jira, Confluence, HPE Service Manager

Development & Databases: PHP, C#, JavaScript (React.js), HTML/CSS, MySQL

Professional examinations and Trainings
Festo Didactic P111 - Basics Pneumatics skills - exam | Festo Didactic E 311S - Structure and control of PLC-driven manufacturing systems | IBM Lotus Domino Certified System Administrator | Windows Server 2016 training (installing, configuring and managing) | Linux server (Ubuntu distro) training | Java fundamental training | CISCO IT Essential certification | CISCO CCNA Routing and Switching: Introduction to Networks | Agile Methodology | ITIL 4 Foundation training

PERSONAL SKILL AND COMPETENCE

Logical Thinking | Professional Proficiency in Oral and Written English | Driving License:B | Organizational skill | Willingness to develop | Strong Problem-Solving skill | Good team player | Strong Technical Skills | Adaptability & Flexibility | Effective Communication

LANGUAGE SKILLS

Mother tongue(s): **HUNGARIAN**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	C1

DRIVING LICENCE

Driving licence: B | 06/10/2026 - 06/10/2036

PERSONAL PROJECT

Full-Stack Web Application - Hotel Booking System Developed a responsive, full-stack demo application for online hotel room reservations.

Features: User registration/authentication, real-time room availability listing, date-conflict validation logic, and automated booking confirmation messages. Includes detailed informative pages (services, gallery, interactive Google Maps integration).

Tech Stack: PHP, MySQL, JavaScript, HTML5/CSS3 (Responsive design, bilingual support: EN/HU).
